## 3 reasons to love Float

### Simple, fixed pricing

With Float, you can issue unlimited virtual cards and reimbursements to every employee without paying steep per-user costs.

### Proactive spend control

Float offers both reimbursements and smart corporate cards, giving you more control over how, when and why money is spent across the company.

### Faster close

Float instantly reminds employees to submit receipts as soon as purchases are made. No more employee-chasing or month-end surprises!

## Compare Float and Expensify

Enable team spending with cards and software loved by finance and enjoyed by everyone.
