Lockup on Funds

No Minimum Balance

Start earning from the first dollar (CAD and USD) transferred to your Float Account.

No Lockups

Unlike with GICs, your cash is never locked in at Float. Withdraw funds at any time and they will be available in your connected bank account within 2-5 business days.

Compound Earnings

Earn even more when you manage company spending with Float. Enjoy cashback rewards on monthly Float Card spend.

How it works

1 Sign Up for a Float Account

Signing up is simple. [Get started online](#) with a fast application and get approved in as little as 1 day.

2 Transfer Funds to Float

Transfer funds to your Float Account after connecting to a banking institution. Float accounts support both CAD and USD.

3 Earn and Spend

Start earning 4% on funds held with Float from the first dollar. Use them to pre-fund Float's smart corporate cards for your corporate expenses or team spend.

Come for the earnings, stay for the software

Signing up for Float's Yield Account gives you access to Float's business finance platform to better manage your business spending.

High-limit corporate cards for the whole team

Custom card limits and controls

Automated receipt capture and transaction matching

Accounting integrations for simpler month-ends

Float is definitely not a bank. [Visit our FAQs to learn more.](#)
