

Create, approve and pay bills quickly

Manage your entire Accounts Payable process, from invoice intake to payment and reconciliation. Seamlessly pay vendors through EFT, ACH, or Global Wires in CAD or USD—all within a single platform.

Eliminate manual data entry

Forward invoices directly to Float – we'll automatically pull the data in seconds so you don't have to.

Keep track of invoices

Keep all your bills in one place and customize workflows to ensure the right people are signing off.

Pay securely, quickly and with interest

Easily execute EFT, ACH and Wire payments fast, directly from Float, while earning up to 4% interest on your AP balance.

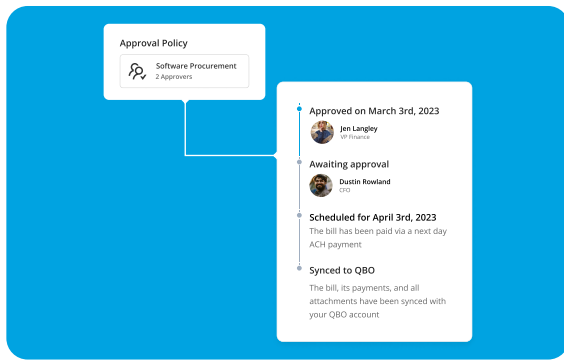

How it Works

Float makes managing AP a breeze, so your team can eliminate administrative work and save time to focus on what matters.

Automate Bill Intake

Forward invoices to Float. Create bills in seconds, with AI-powered OCR that lifts the details so no manual data entry is required.

- ✓ Custom email inbox to automatically forward bills for intake
- ✓ Instant bulk bill upload and processing
- ✓ Best-in-class AI-powered OCR that extracts all bill details including line items and banking credentials

Streamline Bill Approval

Set up custom approval workflows so invoices are approved by the right people in your org chart.

- ✓ Create customizable multi-level approval workflows so you always get the right sign-off before a bill is paid
- ✓ Keep all your approval sequences up to date with 100+ HRIS integrations through Float

Pay via EFT, ACH or Global Wires

Schedule or initiate EFT, ACH and Wire payments in USD in 100+ countries.

- ✓ When paying directly from Float, process in just one business day
- ✓ Earn up to 4% interest on your funds held in Float
- ✓ Automate payment remittance and tracking for vendors

Automate Month-end

Automatically sync bills and payments with Float's QBO and Xero sync, or export to a CSV.

- ✓ Automatically sync all bills, payments, and attached files in real-time to your connected accounting system
- ✓ Get real-time visibility into payment status to close the month with confidence

“Float has become our main AP solution for Canadian business expenses. In less than 6 months, they built a Bill Pay product that is better than anything else on the market in Canada.”

Thomas Kwon
Head of Finance and Operations
CentML

Features
